

The G20 Summit will be taking place in Pittsburgh on September 24th and 25th, at the David L. Lawrence Convention Center in Downtown.

Port Authority welcomes the G20 Summit, as it will showcase our city and region to the world!

Due to the size, scope and nature of the event, Downtown bus and T service will be significantly modified to accommodate the needs of the various Federal, State and local security agencies. This brochure is meant to help assist you as these changes will alter your commute on Thursday, September 24th and Friday, September 25th.

Most bus routes will be detoured in Downtown via The Boulevard of the Allies and Fifth Avenue. Rail service will only operate as far as First Avenue Station. Gateway Center, Wood Street and Steel Plaza stations will be closed. Also, Penn Station on the East Busway will be closed.

Please be aware that at any time during this event, for circumstances beyond Port Authority's control, detours and bus stops could be changed.

The bus stops listed will be the only stops served during the G20 Summit for the routes listed. If your route is not listed, it will not be detoured.
