

PORT AUTHORITY SERVICE FOR LIGHT UP NIGHT 2019

FOR IMMEDIATE RELEASE (Nov. 21, 2019) - Nearly every Port Authority bus route will be detoured on Friday, November 22, 2019, for the annual Light Up Night festivities in downtown Pittsburgh.

Some detours will begin as early as 7 a.m. Friday with most Light Up Night detours beginning at 6 p.m.

After 6 p.m. most buses will be rerouted to Smithfield Street through the end of service.

Port Authority employees will be stationed throughout the Central Business District to help direct customers to the nearest stop locations.

Port Authority will be operating extra service on the light rail system to take riders to and from downtown Pittsburgh, but due to the overwhelming popularity of Light Up Night riders should allow for extra time when traveling.

Port Authority plans to provide as much additional capacity as manpower and equipment will allow.

Detour information for individual routes is available at PortAuthority.org or by calling Customer Service at 412-442-2000.
